Greetings From The President

Detail King® is dedicated to provide our customers the finest auto detailing products available today at a fair price. We take pride by offering you, our customer, with not only the very best products in the industry but the knowledge and support that goes along with each product delivered. Our staff is quite knowledgeable about the detailing products that we provide. Each Detail King® team member uses our products each month while helping conduct training seminars at our school. Unlike most of our competitors, our sales staff uses the products, know how they work and can assist you better.

Many of our professional chemicals will have QR codes affixed to their labels. A QR code is a "quick response" bar code that when scanned with a smart phone will connect to a more in-depth description of that product along with a "how to" video and a purchase option. Soon you will be able watch these videos online at our Online Store and in our Video Vault.

Be sure to become a fan on our facebook page (facebook.com/detailking) and learn more about what others are saying about our products and get the latest news about our specials, discounts and monthly promotions. Detail King® offers Free Shipping many times during the year, so be sure to ask your account manager what you need to do to take advantage of it. I thank you for your interest in Detail King® and look forward to providing you the highest level of service for both online and offline requests. Best of luck in 2014!

Sincerely Yours,

Nick Vacco

PAINT CORRECTION AND PROTECTION

COMPOUNDS

BUFF & BLING!! ONE STEP COMPOUND & POLISH \$8.95/Pt. \$17.95/Qt. \$34.95/Gal.

Aggressive buffing polish. Works like a compound to remove moderate to heavy surface imperfections. Enables user to compound, polish & protect in one easy step. Use with rotary buffer or orbital polisher.

VIBRA CUT LITE \$8.95/Pt. \$17.95/Qt. \$39.95/Gal.

A new generation compounding formula employing specially formulated "diminishing" abrasive materials. This scientific breakthrough enables the user to remove medium to heavy scratches while achieving a high gloss finish in one easy step. Easily removes 1,000 to 1,500 grit sand marks and is body shop safe. More aggressive than Foam Pad Glaze II, less than Vibra Cut II.

VIBRA CUT II CLEAR COAT COMPOUND \$8.95/Pt. \$19.95/Qt. \$41.95/Gal.

A high performance heavy-duty compound formulated to remove significant imperfections from painted surfaces while imparting a high gloss finish. Use to remove 800 - 1,200 grit sand marks from new or cured paints. Works extremely well on boats and gel coat finishes. Follow-up with SPYDER WEB or Foam Pad Glaze II.

EXTREME CUT \$29.95/Gal.

Our Extreme Cut is formulated for single stage and gel coated paints and for very oxidized car and boat surfaces. Extreme Cut is a very aggressive buffing compound that will remove extreme oxidation and surface imperfections. Use as first step operation. Always follow up with a polishing glaze afterwards to remove buffer swirls while leaving a glossy shine.

WAXES & SEALANTS

STS 3000 PAINT SEALANT \$10.95/Pt. \$20.95/Qt. \$49.95/Gal.

STS 3000 is one of the finest, long-lasting paint sealants available. A unique blend of polymers, resin and Zonyl that forms a durable protective coating within 24-48 hours after application. Easily applied by hand or orbital, leaving an unbeatable shine on all types of paint. STS 3000 lasts 9-12 months. Use in place of wax.

CHERRY WET WAX \$8.95/Pt. \$18.95/Qt. \$39.95/Gal.

Provides a protective barrier against harsh environmental elements. Restores color and gloss to lightly oxidized finishes, as well as pre-cleaned surfaces. Easy on easy off formula helps eliminate dust, streaks, and haze. Contains carnauba wax and detergent resistant polymers for a wet-look shine. Lasts 3-6 months.

PREMIUM CARNAUBA WAX \$15.95/12 Oz. Can

Durable, mirror-like shine. Final finish on clean unoxidized paint. Pre-softened for ease of application. 3-6 month protection.

COLLINITE NO. 845 INSULATOR WAX \$17.95/Pt.

This special, heavy duty detergent-proof formulation is used as a high gloss, almost indestructible protective coating for automobile, airplane and boat finishes. It insulates the surface against adhesion of foreign elements and assures full protection against sun, rain, saltspray, bugs, dew, bird droppings, and smog.

COLLINITE NO. 4765 DETERGENT PROOF AUTO WAX \$14.95/9 Oz. Can

New, fast, easy to use, detergent proof formulation eliminates hard rubbing, buffing and frequent re-waxing. Gleaming luster can last up to a full year. Also can be used on fine furniture, wood paneling, fiberglass, and wooden or metal boats. Clear coat safe.

PAINT CORRECTION AND PROTECTION

MARINE PROTECTION

BOAT PROTECTANT \$49.95/Gal.

Our Boat Sealant is one of the finest, long-lasting paint sealants available. A unique blend of polymers, resin and Zonyl that forms a durable protective coating. Detail King's Boat Sealant is the most Advanced Polymer Sealant on the market today! Easily applied by hand or orbital, leaving an unbeatable shine on all types of paint. Formulated for base coat/clear coat paints and fiberglass with gelcoats or without. VOC compliant. Pleasant banana scent, easy on, easy off. Great for boats, motorcycles & RV's. Protection will last typically 9 months to 1 year. No need to wax, use this product instead of wax. Easy On & Easy Off!

POLISHES, GLAZES & TIME SAVERS

BLUE DIAMOND BODY SHOP SAFE POLISH & SEALANT \$13.95/Pt. \$23.95/Qt. \$69.95/Gal.

Very unique polish that not only imparts a dazzling gloss, it will also remove buffer swirls, micro surface imperfections and light oxidation. Removes 3000 grit sanding scratches & similar substrate imperfections. Leaves a non-oily mirror-like finish. Can be used as a one step glaze/polish and sealant. Provides 6-9 months protection. For additional protection apply STS 3000 after polishing with our Blue Diamond for even longer protection! Body shop safe - No silicone!

FOAM PAD GLAZE II

\$7.95/Pt. \$17.95/Qt. \$32.95/Gal.

Use as a glazing step to remove minor buffing swirls, micro-surface imperfections and light oxidation. Works well as the final buffing step in the body shop compounding process. Leaves a durable, high gloss, swirl free, mirror like finish and is body shop safe. Cleaner and protection, follow up with Cherry Wet Wax or STS 3000.

SPYDER WEB GLAZE

\$9.95/Pt. \$19.95/Qt. \$43.95/Gal.

A versatile cutting glaze that removes buffer swirls, light imperfections and oxidation. Highly recommended as a second step after wet sanding & compounding. Formulated with special lubricants, SPYDER WEB GLAZE provides ample buffing time while preventing re-hazing caused by over buffing an area. This helps the professional achieve a brilliant swirl free, mirror-like finish. Use after compounding.

ONE STEP PREP \$34.95/Gal.

Our original formula. Product is a bit more aggressive than One Step Prep II. Great to be used on auto dealer wholesale vehicles where prep time & labor costs are critical. Great glaze to use to remove light scratches and water spots. Up to 3 months protection. Cleaner & Wax in one!

ONE STEP PREP II

\$7.95/Pt. \$17.95/Qt. \$37.95/Gal.

Formulated with the latest scientifically engineered polymers and waxes. Cleans and protects in one application. Recommended for use on lightly oxidized finishes or as a second step on aged paint that has been pre-cleaned. May be applied by high speed buffer, orbital polisher, or by hand. Lasts 30-60 days, for car dealer/wholesale details and maintenance details.

EXPRESS WAXES AND SEALANTS

AQUA SEAL - WET SURFACE EXPRESS POLYMER SEALANT \$12.95/Pt. \$20.95/Qt. \$49.95/Gal.

Aqua Seal produces a long lasting invisible layer of unsurpassed protection to most automotive surfaces: paint, trim and chrome. AQUA SEAL's unique application method is much easier to apply and remove (one step) than conventional paint sealant products. Apply to a clean, wet surface. Completely soak a clean microfiber polishing towel, wring excess water & fold. Sprinkle AQUA SEAL evenly onto towel & rub towel into surface until AQUA SEAL disappears. Protection lasts up to 16 washes.

FINAL TOUCH ULTRA

\$7.95/Pt. \$14.95/Qt. \$23.95/Gal.

Fortified with wax, FINAL TOUCH ULTRA works fast and easy on all painted surfaces, clear-coat, plastic, and metal. Safely removes dust, mild road grime, fingerprints and water spots. Perfect for spot washing or dry washing without water. Leaves a wet-look shine. Body shop safe. Light cleaner and protection in one. Great for showroom cars and express wax services.

POLY EXPRESS WAX \$17.95/Qt. \$36.95/Gal.

Apply after vehicle has been washed and is still wet. Spray on and wipe dry for an unbelievable shine and protection. Use in between hand waxing. This cationic polymer not only will stick to painted surfaces like glue and last up to 60 days but it will leave an awesome shine on the paint. Poly Express will also greatly reduce UV exposure.

ZIPPY CAR WAX \$17.95/Qt. \$34.95/Gal.

Durable polymeric, fast drying liquid sealant easily applied & removed by hand or orbital polisher. Use as a cleaner to remove buffer swirls, light surface imperfections, tar, gum and grease. Use on cars, boats, RV's & aircraft. Clear coat safe. Body shop paintable. Use as an express wax!

METAL POLISH

DETAIL KING MEDALLION HIGH GLOSS CHROME & METAL POLISH \$13.95/Pt. \$25.95/Qt.

Quickly and easily make high polished metals shine with a high luster. For chrome, aluminum, stainless steel, brass, silver and gold. Removes oxidation, cleans, polishes and protects. Hand application: Shake well, apply to surface with soft towel or microfiber wax applicator using circular motions, turn over and hand buff to a shine. Machine application: With a high speed polisher and wool buffing pad use medium to high pressure to remove oxidation, then reduce pressure to create a maximum gloss.

FLITZ PASTE METAL POLISH \$17.95/5.30 Oz. Tube FLITZ PASTE METAL POLISH \$49.95/2 lb. Can

AUTO DETAILING EQUIPMENT

TORNADORS

TORNADOR BLACK INTERIOR CLEANING TOOL \$199.95

A pneumatically operated suction spray gun which very finely atomizes soap, water and air and dispenses it under high pressure. Removes dirt and grime quickly & uses lower consumption of the cleaning product (Detail King Interior Super Soap). The newly developed rotation-set in the nozzle is more powerful and cleans faster than the original Tornador Interior Cleaning Tool. There's NO wear of rotary hose & funnel as the medium guide is ball-bearing and does not come into contact with the nozzle. A must-have for professional car detailing companies! Saves time, energy and cleaning chemicals, because it's more powerful and more efficient on less air-pressure than the original Tornador. The compressed-air driven suction feed gun rotates spirally during operation and loosens dust particles with extremely high power from the surface. Makes cleaning an interior a cinch! Works with small or mobile compressors, because the full potential power is available at pressures as low as 4.5 bar - 75-90 PSI. The new Tornador Black comes standard with an air-regulator so you are now able to change the working pressure directly on the tool and also to regulate the capacity of chemicals accurately.

TORNADOR INTERIOR CLEANING TOOL \$129.95

Air/liquid cleaning tool & detailing machine. Totally unique air driven oscillating tip and nozzle creates a tornado cleaning action that tackles some of the most challenging jobs. Save time & product costs. Clean dirty car interiors faster and better! Uses a pressurized air process to spray mixture of water & soap (Super Enzyme Concentrate). Wipe area with towel or brush, turn a lever to air purge & help dry the cleaned surfaces. Soap, water & air are all combined into one tool for ease of operation! Step by step instructions included. Air compressor required. One Free packet of Tornador Turbo Cleaner included. Do not exceed 110 psi.

TORNADOR FOAM GUN \$129.95

Now you can generate aerosol type foam using your favorite multi purpose cleaners or our Tornador Turbo Cleaner. Save time and money when using the Tornador Foam Gun. Perfect for carpets, seats and exterior applications. Now you can control the amount of foam and strength by using the products you normally use in detailing operations. No more bucket and high water pressure to create multi purpose cleaning foam. Just like the Tornador Cleaning Tool the Foam Gun is operated with compressed air. Just connect to an air compressor, for best results pressure psi should be set at 60-100 psi, do not use over 110 psi.

AUTO DETAILING EQUIPMENT

RANDOM ORBITAL POLISHERS

PORTER CABLE 7424XP POLISHER \$149.95
Porter Cable Dual Action Polisher Model #7424XP. The Ultimate Car Polisher for the serious auto care enthusiast or the do-it-yourselfer who wants an automotive polisher that is safe to use and provides awesome results. There is no way the human hand can achieve the results that are obtainable with a high quality car buffer or dual action polisher. 2500-6800 OPM - variable speed. Comes with one white finishing pad mounted to its own backing plate. Velcro backing plate and other pads available

FLEX XC3401VGR DUAL-ACTION POLISHER \$349.95
This Flex XC3401VRG is a true dual-action polishing machine. There's a huge difference between the Porter Cable 7424 the pads do not rotate, they oscillate, or jiggle, in a random pattern designed to simulate hand application. The "throw" or amount of "jiggle" is not disclosed by Porter Cable but it is very, very small. With the Flex XC3401VRG, the pads do have a forced circular motion, they rotate or "cut". Plus, as the pads rotate, they oscillate, or move, in a random pattern. Hence the name, dual action.

CYCLO POLISHER \$327.95
Dual orbital action heads. Exclusive "gentle hand" cam action allows the two heads to move independently in overlapping motions. Achieve hand-rubbed quality at a faster rate. No chance of heat buildup or burning the paint. Professional swirl free finish. Great for clear coats & the novice detailer. 6.5 lbs, 3,200 opms, heavy-duty cast aluminum, 60 cycle, 1/3 HP, 2.0 amps, 115V, 60HZ. Includes the buffer, wrench & pad holder boots. Quick connect adapters and pads sold separately.

CYCLO POLISHER MODEL 5 PRO - W/ VARIABLE SPEED CONTROLLER \$339.95
Includes 2 backing plates for quick pad changes and a variable speed controller! Mechanisms ensure smooth, swirl-free polishing. Has exclusive vibration elimination system & hook & loop fasteners. 115 V, 60 Hz., 220 Watts, AC, 650-3000orbits/minute, 1/3 H.P., 6.5 lb., 10' cord, heavy-duty cast aluminum, double insulated, 3 year warranty. Includes: 3 weighted inserts, hex-key wrench, flat wrench and our own Cyclo Polisher Operating Guide.

GEM ORBITAL POLISHER/WAXER \$269.95/14.5 lb. \$279.95/16 lb.
Our Gem 14.5 lb. unit has the same heavy-duty housing as the Gem 16 lb unit. This unit is lighter than the 16lb unit and preferred by women detailers. Overall height is 8" - RPM: 1730.

BUFFPRO MODEL JF 180 SWIRL-FREE BUFFER W/ POLISHING PAD \$429.00
The BuffPro Model JF180 Axial Polisher is a revolution in professional polishing offering a true swirl-free finish. Not only does the BuffPro Drum Polisher not produce swirl marks, it can even remove swirls made by conventional rotary buffers. This is a tool that can buff and polish just about any surface in half the time of conventional rotating pad buffers. Our axial cylinder design means that compound and polish stays under the buffing pad, while conventional buffers fling it off to other areas. The larger pad means that you can get better performance at much lower RPMs. We offer two high quality pads that work with the widest range of compounds to cut, polish, buff and finish to the highest shine possible.

ROTARY BUFFERS

MAKITA BUFFER 9227C SPECIAL PURCHASE KIT \$269.95
Use Makita Variable High Speed Buffers to buff-out cars that have heavier oxidation and scratches. Cars just wet sanded will need high speed buffed. Allows detailer to control RPM speeds based on product being used and the paint's condition. Comes standard with J loop backing pad. Can be used with any of our polishes and compounds. Buffing training is available from Detail King. Makita nylon carry bag and two 3M polishing pads included while supplies last. (\$50.00 Value) Green foam pad not included.

DeWALT DWP849X HEAVY DUTY VARIABLE SPEED BUFFER \$244.95
This 7"/9" is a lighter and more powerful polisher designed to restore automotive paint with more comfort & control and has a Controlled Finishing System with a soft start to ensure high finish quality. Built for professionals! Variable speed 0-6000/0-3,500 RPM. Weighs only 6.5 pounds with a 12 amp motor! Comes with a 3-position bale handle and wool ingestion shields covering the air intake. Hook & loop backing pad. Includes for a limited time a pair of industrial style gloves and a wool buffing pad. 3 Year Limited/1 Year Free Service Contract.

FLEX PE14-2-150 ROTARY BUFFER/POLISHER \$409.95
Our FLEX PE14-2-150 Rotary Buffer/Polisher makes paint correction, leveling and polishing easier than it has ever been! This is the BMW of rotary buffers - smooth ride, superior handling, and German engineering. The FLEX PE14-2-150 Rotary Buffer/Polisher is well adapted to the needs of the user with benefits you won't get from another rotary buffer. Also includes FREE Flex Polisher Bag (\$49.95 value), 12 oz. bottle of our One Step Prep II Glaze & Wax, a foam pad conditioning brush, and a 6" Lake County FLEXIBLE Velcro Backing Plate.

PORTER CABLE ORBITAL PADS

The Edge 2000 6" "DA" Double-Sided Pads for the Porter Cable "Dual Action" Orbital Polisher. Flip the pad to the opposite side if you don't have time to clean it or when the opposite side wears out. Revolutionary foam buffing pads save you money, virtually reduces vibration & eliminates potential damage while polishing in tight areas. Eliminate Velcro backing plate by using our Edge Porter Cable Adapter. Change pads in a few seconds with snap-on, snap-off Edge adapter. Adapter centers the pads perfectly every time. Yellow & Green pads made of Edge 2000 Durafoam formulated for today's clear coats. More aggressive at low speeds than standard foam & cut more efficiently.

Yellow: Medium cutting using a light or heavy duty clear coat compound like our Vibra Cut II & Vibra Cut Lite.
Green: Most versatile pad. Remove light oxidation and scratches. Our Foam Pad Glaze, One Step Preps, and Spyder Web Glaze works great with this pad.
Blue: Use this pad for everyday polishing & the application of wax or sealants. Use to apply an additional coat of polishing glaze like Quik & Easy.
White: Extra soft finishing pad for everyday polishing & the application of wax or sealants or apply an additional coat of polishing glaze like our Quik & Easy.

AUTO DETAILING SUPPLIES

EDGE PORTER CABLE ADAPTER \$19.95

Use this brass adapter for our new Edge 2000 Double Sided pads for the Porter Cable Polisher. This same adapter can also be used with our Cyclo Polisher Double Sided Precision Pads.

PORTER CABLE VELCRO PAD HOLDER \$15.95

This velcro pad holder is used for 6" hook & loop pads for Porter Cable Random Orbital Polisher.

PORTER CABLE & FLEX DA PADS

LAKE COUNTRY 6.5" CCS PADS FOR FLEX & PORTER CABLE DA's \$10.95/Each \$39.95/4 Pack

CCS Technology is Lake Country's innovative pad design that saves product by controlling product release onto the work surface. Dozens of dimples in the foam collect excess polish and reserve it until it is needed on the pad's face.

Yellow (Compounding/Cutting): Use this pad to apply light or heavy compounds to remove severe oxidation, swirls, and scratches. Works great with our Vibra Cut Lite or Vibra Cut II. It is the most aggressive and should only be used on oxidized and older finishes.

Orange (Light Cutting Firm): High density foam for light to medium scratch, water spot and defect removal. Use this pad with our Vibra Cut Lite polish compound, Buff 'N Bling One Step Compound/Polish or our Spyder Web Hi Tech Swirl Remover Glaze.

Green (Soft Polishing): Use this foam to apply finishing glazes, polishes and one-step polish waxes/sealants. It is a balance of polishing and finishing that is perfect for all-in-one product application. Use our Foam Pad Glaze II, Blue Diamond Polish Sealant, One Step Prep II as a light paint leveler/polish.

Red (Ultra Soft): Use the red foam pad for applying the final coat of wax or paint sealant. This pad works great when applying liquid waxes or paint sealants because it is firm enough to keep most of the product on the paint, rather than soaking up into the pad. The red foam has no cutting or cleaning ability.

FOAM PADS FOR PORTER CABLE RANDOM ORBITAL POLISHER \$10.95/Each \$29.95/One of Each \$89.95/3 of Each

These are 6" wide by 2" thick, superior quality foam. Hook & loop grip backing, see Velcro backing plate next column. For use with Porter Cable orbital polisher model #7424XP.

White (Polishing Pad): Used to remove to apply polishes, glazes, one-step cleaner/waxes, and swirl removers.

Yellow (Cutting Pad): Removes light to moderate oxidation.

Black (Finishing Pad): Used to apply paste and liquid waxes and paint sealants.

6" TERRY BONNETS \$3.45/Each \$36.95/Doz.

Use these 100% cotton heavy weight terry bonnets to remove wax with your Porter Cable #7424 or Flex DA. These fit over the foam pad. 6.5"

6" MICROFIBER BONNETS \$3.25/Each \$34.95/Doz.

6" bonnets fit over our Porter Cable or Flex DA foam polishing pads to remove wax or sealant with porter cable random dual action orbital polisher. Absorbs better and lasts much longer than terry.

4" EDGE SINGLE & DOUBLE PRECISION FOAM PADS FOR CYCLO POLISHERS

4 inch foam pads made with Cyclo's unique foam compositions plus has patented Quick Change Adapter System of the new Edge 2000 Foam Pads! Double sided - just flip it over and use the other side! These pads use the same self centering design as the Edge adapter. Use 3/4 inch wrench to tighten the adapters into the Cyclo Polisher, then snap two of the Cyclo 4 inch pads in place and you're ready to polish! Vibration is virtually eliminated! The Quick Change System eliminates the rubber boots (pad holders) and the two orbiting heads. If you are buffing a tight area there is no worry about any rubber boot accidentally marking a body panel.

Yellow (Compounding/Polishing): pads for maximum cutting on paint finishes w/heavy oxidation or scratches.

Orange (Heavy Glazing/Polishing): pads for medium polishing. For light to medium oxidation and scratches.

Green (Glazing/Polishing): pads for light polishing. For paint that is in relatively good shape.

Blue (Fine Polishing): pads for very light polishing action.

White (Finishing): pads for final polishing or application of paint sealant or wax. Least aggressive pads.

CYCLO QUICK CONNECTOR ADAPTERS \$36.95/1 Pair

AUTO DETAILING SUPPLIES

4" ROTARY & FLEX DA FOAM PADS

4" LAKE COUNTRY FOAM PADS

\$7.95/Each \$21.95/1 of Each \$35.95/1 of Each w/ Backing Plate

Yellow (Compound/Cutting): Use this pad to apply compounds or heavy buffing polishes to remove severe oxidation, fall-out damage, deep swirls, and scratches. Use our Vibra Cut II, Vibra Cut Lite or Extreme Cut. The yellow foam is the most aggressive and should only be used on finishes that have medium to severe correctable blemishes. Always follow this pad with the green pad and a clear coat safe premium polish like our Foam Pad Polish/Glaze or the AMAZING Blue Diamond Polish to restore the paint to a slick, smooth, glamorous finish.

Orange (Light Cutting/Heavy Polishing): This is an excellent, high density foam with light cutting power. It works well for applying microfine compounds like our Vibra Cut Lite and leveling scratches and swirls. You will want to try this pad first before using the yellow pad; you always want to start out with the least abrasive pad necessary for the job and move to the more aggressive if necessary.

Green (Polishing/Finishing): Use this medium duty foam pad to apply one-step polish/waxes, foam pad polishes like our One Step Prep, Foam Pad Glaze, and Blue Diamond Polish. The green foam is used for the correction of minor paint imperfections including the removal of light scratches, swirls, micro marring, recent water spots, and light duty environmental fall-out. This will be one of the most popular foam polishing pads that you will be using.

LAKE COUNTRY 3.75" (3 3/4") ROTARY VELCRO BACKING PLATE \$14.95

The Lake Country 3.75 inch (3 3/4") Flexible Backing Plate is made of a flexible, molded urethane. This backing plate bends to allow the polishing pad to conform to the curves of the vehicle. The end result is an even finish with less risk of buffer swirls. Inside the plate, steel struts are molded to the center hub for greater stability and balance. This backing plate will remain balanced through countless uses so you always get an even finish.

EDGE ROTARY FOAM PADS

EDGE CLASSIC FOAM PADS \$11.95/Each \$54.95/1 of Each

Black Foam Pad: (open cells) is to be used on clear coats to remove deeper scratches, acid rain, heavier oxidation and environmental fall-out. This product works great with our Vibra Cut II heavy duty clear coat compound. Our most aggressive foam pad. Velcro backing for easy on and off.

Yellow Foam Pad: is to be used on clear coats to remove medium scratches, most water spots, and medium oxidation. This product works great with our Vibra Cut Lite & Vibra Cut II Clear Coat Compounds. Velcro backing for easy on and off.

Green Foam Pad: is to be used on clear coats to remove light scratches and light oxidation. This product works great with our Foam Pad Glaze, One Step Preps, Spyder Web Glaze, Buff 'N Bling and Quik & Easy Glaze. Velcro backing for easy on and off.

Blue Foam Pad: is to be used on vehicles that are relatively new and their paint is in excellent condition. This product works great with our Foam Pad Glaze, One Step Prep II, and our Quik & Easy Glaze. Velcro backing for easy on and off.

White Foam Pad: is to be used on clear coats as the final polishing step. This product works great with our Foam Pad Glaze and Quik & Easy. Can be used with a buffer at a low speed to apply STS 3000 or our Cherry Wet Wax. Has Velcro backing.

8" WAVE 2000 EDGE PAD (DOUBLE SIDED) \$21.95/Each \$83.95/1 of Each \$102.95/1 of Each w/Adapter

Convolutated-faced buffing pads resist "hopping" that may occur when flat-surface pads dry out. Allows air to circulate, cooling the surface. Double-sided pads reduce splattering of chemicals & fluids. Top quality reticulated polyester foam. Bevel design allows you to reach tight areas with high-speed buffer. Work with less binding & crouching. No backing plate to damage car. Adapter enables you to snap pads on and off instantly and center them perfectly every time. Flip pads over when the opposite side wears down. Saves \$\$\$ over single sided pads.

Yellow (Medium/Heavy Cut): This is the most aggressive of the Wave pads. It will cut through medium to deep surface marks and swirls (micro scratches).

Green (Medium Cut Polish): Everyday cutting pad for average cars with light oxidation & moderate swirls (micro scratches). Yields amazing results on vehicles that are a few years old.

Blue (Soft Polish): Versatile pad for regular use. Use on cars that come back for regular cosmetic touch-ups. Will leave surface areas scratch-free & smooth while removing light imperfections.

White (Ultrafine Polish): Ultra smooth surface, finer than any pad on the market. Creates a bold, crystalline gloss. For new, exotic or expertly restored cars. Use this pad at a slower speeds.

EDGE WAVE 2000 QUICK CONNECT PAD ADAPTER \$19.95

The Edge Wave 2000 Quick Connect Adapter enables you to snap pads on and off instantly and center them perfectly every time. Lifetime Guarantee. You will need this adapter to use the Edge 2000 Wave two sided pads. You will not need a velcro backing plate!

ROTARY WOOL BUFFING PADS

EDGE WOOL SINGLE SIDED BUFFING & POLISHING PADS \$60.95/1 of Each

Edge Black Wool Compounding Pad \$12.95: Heavy-duty buffing and paint leveling.

Edge Yellow Wool Heavy Glazing Pad \$12.95: Medium duty buffing, works great on clear coats.

Edge Green Wool Glazing Pad \$12.95: Light buffing and scratch removal.

Edge Blue Wool Polishing Pad \$11.95: Polishing and micro scratch removal.

Edge White Wool Super Soft Polishing Pad \$15.95: Lamb's wool for final finishing/polishing.

EDGE WHITE LAMBS WOOL SUPER SOFT POLISHING PAD \$15.95

Our Edge 8" White lambs wool super soft finishing pad is a great pad to be used for final polishing and finishing. Works well to remove very fine micro scratches and brings out the shine depth!

CLEAR COAT POLY/WOOL BUFFING PAD DOUBLE SIDED \$25.95

Our Edge 8" Blue Wool Double Sided Polishing Pad is to be used with a high speed rotary buffer for final polishing. This particular pad can be used to remove light scratches and buff to a high shine.

CLEAR COAT POLY/WOOL BUFFING PAD DOUBLE SIDED \$23.95

Our Double Sided poly/wool compound pad is a blended wool pad specially formulated for buffing today's clear coat paint. This pad is one step more aggressive than our Black Edge Pad.

ROTARY MICROFIBER BUFFING PAD

LAKE COUNTRY 6.5" ROTARY MICROFIBER PAD \$21.95/Each

Lake Country Ultra-Fiber Microfiber Pads utilize the most recent microfiber technology to provide a single design that can be used for compounding and polishing! These pads are manufactured using ultra-bond adhesive technology to ensure the pads don't delaminate, even after countless uses. This 6.5" pad will work with the standard Makita, De Walt or Flex Rotary velcro backing plates.

BUFFING PAD ACCESSORIES

SHAMPOO SCRUB BRUSH FOR ROTARY BUFFER \$21.95

This brush can be screwed on to any rotary buffer and used as a scrubber for interior carpets, upholstery and trunks. This works great and saves time hand scrubbing those nasty, filthy mini van and SUV cargo area carpets. New metal threaded opening will extend the life of this brush!

FLEX XC 3401 VRG 5.5" BACKING PLATE \$31.95

This is the factory replacement backing plate. This backing plate is designed specifically for this polisher, and creates the forced rotation that sets the FLEX apart from other dual action polishers.

FLEX CHANGEABLE BACKING PLATE SYSTEM FOR XC 3401VRG DA POLISHER \$59.95

The Lake Country FLEX XC3401 Changeable Backing Plate System enables you to change from a 4 inch backing plate to a 6 inch backing plate using a specially designed gear plate. You can use every size pad from 4 inches to 6.5 inches with this three-piece system for your FLEX XC3401 DA Orbital Polisher. Now you don't have to buy a specific backing plate for each size pad - the FLEX XC3401 Changeable Backing Plate System works for all sizes!

LAKE COUNTRY FLEXIBLE BACKING PLATE FOR ROTARY BUFFERS - 6" \$19.95

This backing plate is a molded urethane backing plate for excellent flexibility and balance.

CREVICE BRUSH - FOR HARD TO REACH COMPONENTS/FOAM PAD BRUSH \$3.95

This unique brush makes a terrific crevice brush to reach between seats and consoles. Also a great brush to use in tight spaces like carpeting under the pedals. Professional detailers use this brush to clean their foam buffing pads, too. The brush was originally developed for bathroom grout, but the shape is long and narrow, so it's the perfect size to flick the loose debris out of inaccessible interior components.

EDGE PAD CONDITIONING BRUSH \$15.95

Specially designed to clean and preserve The Edge foam pads. Ergonomic shape makes it easy to apply to any high-quality pad. Tough construction stands up to constant use in your busy shop. Can be used on other types of foam buffing pads.

PROFESSIONAL PAD CLEANING TOOL \$9.95

Keep your wool pads clean while buffing. This is a commercial grade buffing spur that will effectively clean all wool buffing pads. Has a pistol grip with rotating spurs, OSHA Safe.

GRIT GUARD UNIVERSAL DETAILING CART \$189.95

If you currently have a Grit Guard Universal Pad Washer the new Grit Guard Universal Detailing Cart is perfect to partner it up with. Insert the Pad Washer in the designated pre-cut opening, it securely fits in place so you can easily clean your buffing pads without having to bend over and strain your back each time. There's plenty of shelf room to store your buffer, polisher, pads, polish bottles, microfiber towels and applicators. Shelves: 25" long x 18.5" wide. Overall height: Approx. 39.5". Quickly and easily cleans all your various foam and wool buffing pads. Pad washer & any of the items shown are not included with the cart. Shipping weight: 29 lbs. DOES NOT qualify for any free shipping offer.

GRIT GUARD UNIVERSAL DETAILING CART WITH PAD WASHER MACHINE \$284.95

Insert the Pad Washer in the designated pre-cut opening, it securely fits in place so you can easily clean your buffing pads without having to bend over and strain your back each time. There's plenty of shelf room to store your buffer, polisher, pads, polish bottles, microfiber towels and applicators. Shelves: 25" long x 18.5" wide. Overall height: Approx. 39.5". Quickly and easily cleans all your various foam and wool buffing pads. Pad washer & any of the items shown are not included with the cart. Shipping weight: 29 lbs. DOES NOT qualify for any free shipping offer.

UNIVERSAL PAD WASHER MACHINE BY GRIT GUARD \$134.95

The Grit Guard Universal Pad Washer uses the power of the polisher to agitate pads. You do not have to scrub and scrape just let the polisher do the work for you. Insert the pad into the pad washer, turn on the polisher and let the grid insert clean and dry all of your buffing pads.

PAD RENEWER SOLUTION \$14.95

The Pad Renewing Solution works with all types of pads and polishing balls. The biodegradable cleaner removes petroleum and water-based car care products from wool fibers and porous foam. Before using the Dual Action Pad Washer, spray the pad with 4-5 spritzes of Pad Renewing Solution (PRS). It will help break-up oily residues inside the pad as you operate the pad washer.

THUMB GUN POLISH BOTTLE \$10.95

This bottle is to be used with our Thumb Gun battery operated polish dispenser. The dispenser can be found in any of our rotary buffer departments.

THUMBGUN BATTERY POWERED POLISH DISPENSER \$99.95

The ThumbGun is a rechargeable battery powered polish dispenser designed to attach to all rotary and some orbital electric powered polishers. By snugly securing the ThumbGun to the polisher with the existing straps, the ThumbGun dispenses polish while operating the buffer. Save a lot of time by not having to stop and grab a bottle of polish or compound and then apply it while buffing. With the touch of a button the polish or compound is dispensed instantly!

3" DA PNEUMATIC ORBITAL PALM HEADLIGHT BUFFER/SANDER \$199.95

Our 3" DA Pneumatic Orbital Palm Headlight Buffer/Sander is an air-powered buffing tool used to quickly and efficiently help restore foggy and oxidized headlights. Use this tool in conjunction with the 600 and 1500 grit sand paper and the orange polishing pads. You can restore headlights without this tool but if you are restoring headlights in any volume you may want to consider adding this to your arsenal.

HEADLIGHT RESTORATION MEDIUM DUTY ORANGE POLISHING PADS \$5.95

Use the Orange Medium Duty Foam Polishing Pad (attach to head of buffer - hook and loop material) after you have finished sanding with the 600 and 1500 grit sanding disks. Apply a small amount of the Cleaner Polish to the pad and begin polishing the headlamp. This is the final step prior to applying the shine restorer.

HEADLIGHT RESTORATION SANDING DISCS 600 GRIT \$24.95/50

Use these 600 grit sanding discs to remove heavy oxidation from the headlight lamps. These discs would be used as the first sanding step after using the cleaning product. Follow up with 1500 sanding discs afterwards. These sanding discs have hook and loop backing and are to be used with the pneumatic buffer.

HEADLIGHT RESTORATION SANDING DISCS 1500 GRIT \$24.95/50

Use these 1500 grit sanding discs to remove light oxidation and scratches from the headlight lamps. These discs would be used as the second sanding step after using the 600 grit sanding discs. Follow up with the cleaner polish next and use the orange polish pad. These sanding disks have hook and loop backing and are to be used with the pneumatic buffer.

AUTO RECONDITIONING KITS & SUPPLIES

HEADLIGHT RESTORATION SAND PAPER 10 SHEETS \$5.95

Use sandpaper along with Sand- E-Z as one of the first steps to restore cloudy headlights. Available in 10 packs of 600, 1000, 1500, 2000, and 2500 grit paper.

HEADLIGHT INTENSITY METER \$69.95

Our AIM 2000 Headlight Intensity Meter is designed specifically for the testing and verification of the intensity of headlamps. The AIM 200 is a hand held device that incorporates a meter with graduated scale noting light intensity in kilo-candela of the lamp tested. As the emitted light enters the light receptor, the dial of the meter will increase in value and proportion, indicating a legal/illegal headlamp.

LIQUID CARPET DYES

CARPET DYE SYSTEM II \$239.95 \$11.95/Individual Dyes

A true carpet dye. Same dyes carpet mills use to provide a permanent, non-fade color. Gives carpet a soft and plush like new feel and look. All dyes have been blended to meet the 17 most common automotive carpet colors used by auto manufacturers worldwide. Each bottle makes 32 ounces of carpet dye. Spray the mixed dye directly on the carpet or mat and then scrub the dye in. Great for carpeting or carpeted mats that have lost their true color and need rejuvenated or are too badly faded. Included is a 4oz bottle of stain remover. You get: 17 bottles of 8oz carpet dye concentrates, 32oz spray bottle, scrub brush, stain remover, bleach neutralizer, and red stain remover. Use the carpet color a shade darker of the same tone for best results. Not intended to change the color of your carpet to a different color. Dye carpets and mats of averaged sized cars with about a mixed 1/2 quart.

DETAIL TRAINING CLASS

1st Day Auto Detailing Training Programs

Auto Detailing Training Institute

DEDICATED TO ASSISTING THE ENTREPRENEUR

HANDS-ON DETAIL TRAINING

2 Day and 3 Day Classes

Auto Detailing Training provided by Detail King Auto Detailing Institute LLC is a Private Licensed School approved by the State of Pennsylvania. Our auto detailing school provides the industry's most comprehensive, auto reconditioning and car detailing hands-on training programs available anywhere. Whether you are a seasoned veteran detailer or just starting out, detail training at Detail King ADTI will help you learn the skills needed to operate a successful and proficient detailing operation. It will also assist with training individuals that have career goals for being employed as a technician in this lucrative auto reconditioning industry.

Our Technician Program is a two day auto detailing training seminar that is limited to 15-20 students. The First Day of the detail training seminar students will be introduced about how to start, operate and grow his or her new auto detailing or mobile auto detailing business. Knowing the "business side" of operating and managing an auto detailing business is just as important as the actual hands-on detailing training. The second day of the detail training seminar is dedicated to hands-on exterior detail training and interior detail training methods and procedures.

Hands on auto detail training: The student will actually detail a designated vehicle completely with the help of his assigned trainers and teammates. Unlike most auto detailing training seminars that we know of you will actually be "detailing" versus just watching demonstrations and viewing detailing tutorials. Our auto detailing training seminars are held monthly - Saturday through

Sunday at our campus in Pittsburgh, Pennsylvania. The second day is a "hands-on" training day in which the student can try out all of the equipment, supplies, products and detailing accessories. The instructors will show the proper techniques and methods for using the buffers, polishers, extractors, vacuums, brushes, towels, tools and detailing accessories.

Our Craftsman Program is a three day auto detail training seminar that is limited to only 6-8 students. The First Day the student will be introduced about how to start, operate and grow his or her new auto detailing or mobile auto detailing business. It is the very same course that we have for the Technician Program. Knowing the "business side" of operating and managing an auto detailing business is just as important as the actual hands-on methods and procedures. This is the perfect auto detail training class for small groups. Ask about our group enrollment discount.

The Craftsman's Program is designed for students that want more individualized instruction. We spend an entire day on exterior detail training (Day 2) and an entire day on interior detail training (Day 3). The student to trainer ratio is 2:1. The student will also be introduced to additional profitable exterior and interior reconditioning services that are not part of the Technician Program curriculum. Additional Training: Vinyl and Leather Repair, Dying of Carpeting & Mats, Odor Removal, Paint Chip Repair, Plastic Trim Restoration, and Headlight Restoration. This auto detail training seminar is held monthly usually Friday through Sunday at our campus in Pittsburgh, Pennsylvania.

Our friendly and knowledgeable staff will be available to answer your questions as they arise. Our toll free customer service lines are here to be used and we are prepared to assist you step by step to help you succeed with your new or existing venture. Our goal and your goal should both be to be The Very Best of The Best!

As the Detail King Authorized Licensee network grows, communication will be a key to everyone's success. All active Detail King Authorized Licensees will be required to attend our annual **Authorized Licensee Conference**. The Conference is a great way to increase your business set-skills and network with other Authorized Licensees from around the world!

Distribution of Our Professional Products will be another feature of our program. Many of you will just want to offer professional auto detailing services to your clients and some will want to be able to distribute Detail King products and equipment to detail shops, mobile operators, auto dealerships and body shops. Our program will enable you to do either or both.

To see if you qualify to become a Detail King Authorized Licensee contact our offices to speak with a staff associate. This program is new and available to existing Detail King customers and future ones. Territories will go very quickly so if you have an interest, inquire while your home area is still available. The initial investment to become a Detail King Authorized Licensee is \$795 with an annual renewal fee of \$100. For an additional \$750 we can create a custom-built website and feature your business on our World Directory of Auto Detailers. Also included with the website package is our Detail Deals Text Alert service and Mobile App for your business.
